

Bulk Cashew Kernels W240, W320, Splits, Plain or Roasted, Sri Lanka

Product	Bulk Cashew Kernels W240, W320, Splits, Plain or Roasted, Sri Lanka
SKU	SLE-NUT-CASHEW
HS code	0801.32
Minimum order	10 kg
Price basis	kg
Supplied by	SriLankaExport.com, Harker International (Pvt) Limited
Country of origin	Sri Lanka
Issued	12 October 2026

Overview

Sri Lankan processors supply cashew kernels in the standard grades: whole kernels by count (such as W240 and W320), splits and pieces, plain or roasted and seasoned.

Origin. Some kernels processed in Sri Lanka come from imported raw nuts. We state the origin of the nuts with each quote.

What to include in your request

- Grade (for example W240, W320, splits, pieces)
- Plain, roasted or seasoned
- Packing: vacuum bags, tins or cartons
- Quantity per shipment and destination port

How to get a price: tell us the quantity, your specification and your destination port. We quote FOB Colombo, CFR or CIF, with lead time and minimum order, and arrange samples before an order.

How cashew grades work

The W in W240 or W320 means white whole kernels. The number is the count of kernels per pound, so W240 kernels are larger than W320. Scorched wholes carry an SW code. Splits are kernels broken lengthwise. Butts are broken crosswise. Pieces are graded by size. Wholes suit retail snack packs. Splits and pieces suit bakery, confectionery and food service, where the lower cost per kilo matters more than the look.

Quality and documents

Buyers usually set limits for moisture, broken kernels, foreign matter and aflatoxin. Each lot can be tested by an independent laboratory before shipment. Export documents are arranged with the shipment.

Samples and lead time

Samples are arranged before an order. Price, minimum order and lead time are confirmed with the quotation.

Typical specification

Shelf life	12 months in vacuum or CO2-flushed packing, unopened
Moisture	≤ 5%

Microbiological limits	Total plate count $\leq$ 100,000 cfu/g; yeasts and moulds $\leq$ 1,000 cfu/g; E. coli $\leq$ 10 cfu/g; Salmonella absent in 25 g
Appearance & organoleptic	Ivory-white kernels true to grade count (W240 $\leq$ 240, W320 $\leq$ 320 kernels per lb); broken pieces within grade tolerance; free from live insects and rancidity. Aflatoxin B1 $\leq$ 5 μ g/kg and total aflatoxins $\leq$ 10 μ g/kg (EU 2023/915)
Ingredients	100% cashew kernels (Anacardium occidentale)
Allergens	Contains tree nuts (cashew)
Storage & handling	Cool, dry, ventilated store away from strong odours and direct sun, below 25 °C and 65% relative humidity, off the floor

Typical specification for this grade, not a test result for the lot you will receive. We agree the final specification with your order and supply a certificate of analysis for your lot on request.

Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
