Country of origin	Sri Lanka
Issued	12 October 2026

Overview

Cinnamon leaf oil is steam-distilled in Sri Lanka from the leaves of the Ceylon cinnamon tree. It is rich in eugenol, which gives it a warm, clove-like scent, and is different from the costlier cinnamon bark oil. Our bulk leaf oil listing serves soap, fragrance and flavour makers; this listing is the same oil filled in small retail bottles.

Bottles and labels

Amber glass bottles from 10 ml to 100 ml, with dropper inserts, caps or pipettes. Labels, boxes and batch coding are applied to your artwork.

Safety and labelling

Cinnamon leaf oil is a strong skin irritant when undiluted, and essential oils sold to consumers carry warning and labelling rules that vary by market. We supply the oil's GC report and safety data sheet. We make no medical or therapeutic claims, and the claims and warnings on your label are yours to set for your market.

Private label

Retail packs can carry your brand. Send us your artwork, pack size and labelling requirements for your market, and we confirm packing options, minimum order and lead time with the quote. You remain responsible for the label claims made in your market.

What to tell us for a quote

- The product, grade or specification you need, and a reference sample if you have one
- Quantity per order and how often you buy
- Pack size, packaging and labelling
- Destination port and the Incoterm you prefer
- Documents your market requires, such as a certificate of origin, phytosanitary certificate or lab test reports

Packing and shipping

Orders are packed to your instruction and shipped by sea in a full or shared container, or by air for samples and small lots, quoted FOB Colombo, CFR or CIF to your port. Products from several Sri Lankan suppliers can share one container through our consolidation service.

How to get a price: tell us the quantity, your specification and your destination port. We quote FOB Colombo, CFR or CIF, with lead time and minimum order, and arrange samples before an order.

Typical specification

Shelf life	24 months from filling in closed original bottles
Appearance & organoleptic	Clear yellow to brownish liquid, warm spicy clove-like odour; eugenol 75 to 85%; relative density at 20 °C 1.030 to 1.050; refractive index at 20 °C 1.527 to 1.540 (ISO 3524)
Ingredients	100% cinnamon leaf oil (Cinnamomum verum), steam distilled, no carriers
Pack sizes	10 ml to 100 ml retail bottles
Storage & handling	Cool, dark place below 25 °C in tightly closed amber glass, away from heat and naked flame

Typical specification for this grade, not a test result for the lot you will receive. We agree the final specification with your order and supply a certificate of analysis for your lot on request.

Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
