About king coconut water

King coconut, called thambili in Sri Lanka, is an orange coconut grown mainly for drinking. Its water is sweeter than that of green coconuts. It is sold as a natural hydration drink.

For retailers and importers

This is a finished retail pack. Buyers order it by the case for shelf sale or online retail. Tell us the case quantity you want, the destination market and whether you need the label adapted for that market.

What to tell us for a quote

- Pack size and pack type you want
- Number of cases
- Shelf life you need on arrival
- Destination country

Samples and lead time

Samples are available before an order. Price, minimum order and lead time are confirmed with the quotation.

Quality and documents

Each lot can be tested by an independent laboratory before shipment. Export documents are arranged with the shipment. Tell us the tests your market or your buyer asks for, such as moisture, microbiology or pesticide residues, and we include them in the quotation.

Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. Ask us for a certificate of analysis against your order. Fields marked "Not stated" are confirmed with your quote, never estimated. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
