## Overview

Sri Lanka has a netting and rope industry rooted in its fishing sector, and its makers also produce sports and industrial nets. Netting and cordage exported about US$37 million in 2025.

## Products

- Sports nets: cricket practice nets, football and goal nets, golf and batting cage netting
- Cargo, debris and safety nets
- Polypropylene, polyester and nylon rope and twine

## Specification

Nets are specified by overall size, mesh size, twine thickness, knotted or knotless construction, colour and UV treatment for outdoor use. Rope is specified by material, diameter and breaking strength. Send your specification or a sample and we confirm it on the sample.

## Who buys it

Sports equipment distributors, schools and clubs, construction suppliers and logistics firms. Cricket nets suit buyers in cricket-playing countries, where Sri Lankan makers already supply local clubs.

## Outdoor use

Nets that stay outside need UV-stabilised twine so they do not weaken in the sun. Tell us how long the nets will be outdoors and whether they must meet a safety or fire standard, and the maker confirms the right twine and treatment.

## What to tell us for a quote

- The product, grade or specification you need, and a reference sample if you have one
- Quantity per order and how often you buy
- Pack size, packaging and labelling
- Destination port and the Incoterm you prefer
- Documents your market requires, such as a certificate of origin, phytosanitary certificate or lab test reports

## Packing and shipping

Orders are packed to your instruction and shipped by sea in a full or shared container, or by air for samples

and small lots, quoted FOB Colombo, CFR or CIF to your port. Products from several Sri Lankan suppliers can share one container through our consolidation service.

**How to get a price:** tell us the quantity, your specification and your destination port. We quote FOB Colombo, CFR or CIF, with lead time and minimum order, and arrange samples before an order.

> Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. Ask us for a certificate of analysis against your order. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
