HS code	0409.00
Minimum order	10 kg
Price basis	kg
Supplied by	SriLankaExport.com, Harker International (Pvt) Limited
Country of origin	Sri Lanka
Issued	12 October 2026

Overview

Sri Lankan beekeepers produce bee honey from the island's forests, plantations and home gardens, and it sells in Sri Lanka as a food and a traditional ingredient. Export volumes are small, so supply is confirmed for each order. This listing is bee honey; it is different from kithul treacle and coconut syrup, which our other listings cover.

Can your market import it?

Many markets only accept honey from approved countries with a residue monitoring plan. The European Union, for example, keeps a list of third countries allowed to export honey to it. We check whether your market accepts honey from Sri Lanka before we quote, and tell you plainly if it does not.

Testing

Honey is tested for moisture, HMF (freshness), sugar profile and residues, and buyers increasingly test for adulteration. Tests can be arranged on the lot before shipment.

Private label

Retail packs can carry your brand. Send us your artwork, pack size and labelling requirements for your market, and we confirm packing options, minimum order and lead time with the quote. You remain responsible for the label claims made in your market.

What to tell us for a quote

- The product, grade or specification you need, and a reference sample if you have one
- Quantity per order and how often you buy
- Pack size, packaging and labelling
- Destination port and the Incoterm you prefer
- Documents your market requires, such as a certificate of origin, phytosanitary certificate or lab test reports

Packing and shipping

Orders are packed to your instruction and shipped by sea in a full or shared container, or by air for samples and small lots, quoted FOB Colombo, CFR or CIF to your port. Products from several Sri Lankan suppliers can share one container through our consolidation service.

How to get a price: tell us the quantity, your specification and your destination port. We quote FOB Colombo, CFR or CIF, with lead time and minimum order, and arrange samples before an order.

Typical specification

Shelf life	24 months from packing, unopened
Moisture	≤ 20% (CODEX STAN 12)
Brix / pH	≥ 78 °Brix; free acidity ≤ 50 meq/kg (CODEX STAN 12)
Appearance & organoleptic	Clear to slightly cloudy liquid honey, natural floral aroma, may crystallise naturally; HMF ≤ 40 mg/kg (≤ 80 mg/kg tropical origin); diastase ≥ 8 Schade units; fructose plus glucose ≥ 60 g/100 g; water-insoluble solids ≤ 0.1 g/100 g (filtered) (CODEX STAN 12)
Ingredients	100% bee honey, no added sugar or syrup
Allergens	Contains none of the EU or US major food allergens
Storage & handling	Cool, dry store away from direct sun, below 25 °C, containers tightly closed; avoid heating to keep HMF low

Typical specification for this grade, not a test result for the lot you will receive. We agree the final specification with your order and supply a certificate of analysis for your lot on request.

Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
