Overview

Team jerseys and sportswear printed by full sublimation, so the design, names and numbers are part of the fabric. Short and long sleeve styles.

Minimum order 10 pieces. Design, fabric and sizes are agreed with the quotation.

Price on request through the SriLankaExport trade desk.

How sublimation works

In sublimation, the design is printed onto transfer paper and set into polyester fabric with heat. The ink becomes part of the fibre, so it does not crack or peel, and there is no limit on colours. It works best on light, polyester based fabric.

What to tell us for a quote

- Your design file, or a sketch and team colours
- Short or long sleeve, and any shorts or other items
- Size run, with names and numbers per player
- Fabric preference, if you have one
- Quantity and delivery address

Samples and lead time

Samples are available before an order. Price, minimum order and lead time are confirmed with the quotation.

Care

Sublimated garments can be machine washed. Wash them inside out in cool water and avoid high heat when drying or ironing.
