Overview

Whole Sri Lankan cloves, hand picked and packed at origin. Pack size 50 g.

About cloves

Cloves are the dried flower buds of the clove tree. Whole cloves keep their oil and aroma longer than ground cloves. They are used in rice dishes, curries, baking, spiced drinks and pickling.

For retailers and importers

- Number of 50 g packs per case
- Number of cases per shipment
- Labelling language and any label rules in your market
- A copy of the organic certificate for your import checks
- Shelf life you need on arrival
- Destination port

Case packing and pallet layout are confirmed with the quotation.

Quality and documents

Each lot can be tested by an independent laboratory before shipment. Export documents are arranged with the shipment. Tell us which tests your market or your own buyers require, and they are planned before the goods are packed.

Samples and lead time

Samples are available before an order. Price, minimum order and lead time are confirmed with the quotation. A sample lets you check quality, size and packing against your needs before you commit to a full order.

Organic: ask us for the producer's organic certificate covering your lot with the quote. Certification does not transfer to the buyer: for a US import under USDA NOP, the importer of record must hold its own certification.

Issued by our Trade Desk in Colombo on the date shown. Figures are indicative, not a firm offer. Ask us for a certificate of analysis against your order. Fields marked "Not stated" are confirmed with your quote, never estimated. For a firm price against your quantity, destination and Incoterm, request a quote and we reply with a costed position.
